

The Antioch American Legion carnival on Rte. 173 drew huge crowds during its stay last week. There was something for everyone from the youngest to the oldest as Antioch residents participated in games of chance, and the young fry especially enjoyed the rides. (Photos by Joe Rush)

McClory Blames Crime On Drug Addiction

It is generally recognized that the prevalence of drug addiction, as well as the illegal trafficking in drugs of all kinds, is a principal cause of criminal activity.

A heroin addict may spend as much as \$75 a day in order to satisfy his habit. This leads him into criminal activity such as burglaries, robberies and other criminal offenses in order to secure the needed funds.

The broad subject of drug abuse and trafficking is complicated by the development and widespread use of drugs which are prescribed for medical treatment—but which are diverted for illegal, unintended and essentially non-medical uses. Some of these substances are stimulants. Others are sedatives and tranquilizers. Still others produce euphoria in a manner comparable to the traditional drugs such as cocaine, opium, and hashish. The widespread use of marijuana on an experimental basis by a large percentage of college students poses a separate and equally complex problem.

In seeking to wage a broad at-

tack against the illegal activities associated with this variety of dangerous substances, the Attorney General has urged enactment of legislation which seeks to control the manufacture, distribution and sale of all narcotics, depressants, stimulants, and hallucinogenic drugs. Manufacturers of narcotic drugs, as well as those who produce such sophisticated substances as barbiturates and amphetamines, would be licensed by the Attorney General. Distribution, including the exportation of such products, would be carefully monitored and restricted.

While responsible manufacturers of drugs having substantial medical value have policed their own industry to avoid diversion of such substances into illegitimate channels, it has been shown that large quantities of such drugs, when exported, are re-introduced into the country through illegal means.

An extremely knotty problem is that of determining substances which are dangerous to the user—particularly as new products are

tested and introduced into the market. In order to resolve this question, the Attorney General is required to secure the advice of the Secretary of Health, Education, and Welfare, as well as the Scientific Advisory Committee, in determining whether substances shall be added or deleted from the various categories which are authorized by the bill.

Penalties against so-called "professional criminals" are aimed at those involved in organized crime and are far stiffer than under the present law. On the other hand, the punishment for possession and use of marijuana is reduced. In fact, marijuana is redefined in the new law in order to separate it from the narcotics and other dangerous drugs which pose the major problems to law enforcement officials. The measure establishes a committee on marijuana which is directed to report back its findings on the nature and physical and mental effects of this substance, as well as its connection with crime and juvenile delinquency.

Among the list of anticrime measures now pending in the Congress, the Attorney General regards the measure directed at narcotics and other dangerous drugs as the one most critically needed by his Department.

Antioch Woman Is Shot

Mrs. Jennie McCarthy, 21, of Antioch Township, was shot in the right hip Saturday evening in an argument between two Antioch Township families.

Charged with the shooting is Mrs. Elizabeth Waters, 39, of RFD 3, Box 749, Antioch, who is cited for aggravated battery. Sheriff's deputies said that Mrs. Waters claimed she fired in self-defense. A 25-caliber gun was surrendered by Mrs. Waters to deputies.

The shooting took place outside of the McCarthy home on Waters Road. Mrs. McCarthy was standing 25 feet away from Mrs. Waters when the shooting occurred.

She was taken to St. Theresa Hospital in Waukegan for treatment.

Bill Baird Is Dead At Age 35

William Dean Baird, 35, former Antioch High School teacher and coach, died Friday, June 26, at the home of his wife's parents, Mr. and Mrs. Charles Brand of rural New Hampton, Iowa.

Mr. Baird had undergone heart surgery on May 20 at the University Hospital, Iowa City, and had recently been released.

Services were held on Monday, June 29 with burial in New Hampton.

Mr. Baird came to Antioch in 1955 and worked for the community high school for four years. He taught social studies and some physical education and coached sophomore football and was assistant track coach.

A native of Annawan, Ill., Mr. Baird was a graduate of Cornell College and a 1960 graduate of Northern Illinois University. He attended the University of the

ANTIOCH, ILLINOIS, THURSDAY, JULY 9, 1970

VOL. LXXXV. / NUMBER 3

Village Decides Not To Buy Sewage Plant

The village isn't going to buy a five year old sewage disposal plant offered for sale by the Buffalo Utility Co. of Buffalo Grove.

This was announced by Trustee Vern Barnstable, chairman of the sewer and water committee, after a study of the proposal to purchase the plant which would have doubled Antioch's treatment capacity to 10,000 persons.

"We have decided not to recommend the purchase of the plant," said Barnstable. "There have been so many changes and what we want it for would cost us more for the extras."

The Ziegler Construction Co. proposed a price of \$60,000 to dismantle the plant at Buffalo Grove and transport it to Antioch where it would be reassembled.

Village Mayor Raymond Toft suggested that a "thank you" letter be written the Ziegler Construction Co. for the time it spent

in preparing its price for moving the plant to Antioch.

"They spent a lot of time and we should send them a note of appreciation," said the village mayor.

The trustees, in other business, authorized that bids be advertised for the sewer and water extension project on Drom Court. The estimates will be opened Aug. 3.

The trustees also approved advertising for a new truck for the Public Works Department also to be opened Aug. 3.

A proposal by Trustee Robert Wilton to purchase 10 new fire helmets at a cost of \$250 to replace helmets bought 38 years ago was approved.

The hourly pay of James Griffin, employed in the Public Works Department, was raised from \$2.25 to \$2.75 an hour.

Public Works Supt. Charles Mapleshorpe said his department

has received complaints from residents on Turner Drive about the noise being made by barking dogs at the Village Dog Pound located at the Public Works Department.

"We're getting complaints about the yelping by the dogs in one cage," said Mapleshorpe. "The residents say they haven't been able to get their property rest by the noise created by the dogs."

He urged that trustees do something about the village dog ordinance to put a stop to complaints.

Two bids were filed for the repair of sidewalks in the downtown area, but the trustees tabled action until a survey could be made of businesses to determine how much will be contributed by them to defray the expense of the repairs.

The village hopes to raise at

least half of the cost from the businessmen.

Laursen and Blackman Co. submitted an estimate of \$1 per foot on repairs plus an additional 10 cents for removal of concrete, while Benes Construction Co. filed a bid of 96 cents a foot with the removal of the concrete at no charge where the distance is a mile.

The board voted 4 to 2 to deny a rezoning from single to two family on the petition of Richard Witt who lives on David Street.

But the trustees allowed a variation in the rear yard setback to allow Witt to repair his porch. Voting against the motion were J. Irving Walsh and George Bartlett, while supporting it were Barnstable, Robert C. Wilton, Richard H. Radke and Richard O. Burnette.

The trustees authorized \$1,175 to be paid Norman Jedele, Anti-

och certified public accountant for the audit of the village books in the fiscal year of May 1, 1969 to April 30, 1970.

The plat of the E. J. Story Subdivision on Anita Ave was approved, but the curbs, gutters and sidewalks were not considered since the street which is located in the subdivision was dedicated several years ago.

The street is unimproved. Only improvements are sewer and water.

Trustees authorized Police Chief Jack Davis to attend the Illinois Police Chief's Association convention July 18, 19 and 20 in Springfield. His expenses have been set as to not exceed \$100.

In June, 61 traffic tickets were issued by police; 22 accidents investigated; three bicycle thefts; seven various thefts; two burglaries; six incidents involving juveniles and three cases of vandalism.

Student Council, Bank Launch Homecoming Plans

The Antioch Community High School Student Council, in cooperation with the State Bank of Antioch, has opened a contest to choose the theme of the 1970 High School Homecoming.

A \$50 Series "E" Savings Bond is being awarded by the State Bank as the prize.

It is the hope of the Student Council that the community, through its many civic and professional groups, will become in-

involved in this year's homecoming activities.

Plans already are proceeding to make the parade and activities the biggest and best yet.

The contest is open to all persons in the High School district. The selected theme and winner's name will be released shortly after July 27.

Other plans for the October celebration include a "true homecoming dance."

Graduates of the high school will be contacted through various media and invited to attend the festivities as guests of the Student Council.

Students, members of the Student Council, who are serving as homecoming committee chairman are general chairman, Chip Gross; dance and ticket co-chairmen, Ronna Andrews and Eve January; parade co-chairmen, Elda Minger & George Ann Bury;

theme and publicity co-chairmen, Cheri Dalgaard and Bud Newton; pep rally co-chairmen, Carol Wells and Sue Severson, and game parade chairman, Bob Osmond.

Meetings are being planned later this summer with representatives of civic and professional organizations concerning the Homecoming parade and related activities.

County 4-H Youth Aid Center Drive

Lake County 4-H youth will be working this summer and fall to help earn money for the expansion of the National 4-H Center in Washington, D.C., reports Mrs. Helen Volk, Lake County Extension adviser.

The National 4-H Center has made many contributions to the growth and development of Illinois and Lake County youth. The Center's facilities provide a national meeting place for 4-H members and leaders to participate in citizenship short courses, IFYE and Teen Caravan programs, National 4-H Conference and other related conferences and programs.

The Center's expansion plan will cost \$5.5 million. Industry has agreed to provide \$3.5 million and each state will combine efforts to raise the remaining \$2 million. Illinois 4-H youths have pledged \$100,000 to the project, and Lake County's share is \$2,057.00. This amounts to \$1.50 per club member, which should not be a hardship to raise.

Twenty-six of the 65 clubs in Lake County have already sent in their contributions. They are: Antioch, Chiefs, and Squaws, Deerfield Does, Sequoia Suzies, Volo Busy Bees, Fireside Chips, Cloverteens, Antioch Adventurers, Benton Blazers, Merry

Belles, Chain O'Lakes, Scatterbrained Saints, Ravine Rangers, Millburn Hornets, Round Lake Achievers, Sunshine Sweethearts, Happy Hayceeds, Howe, Green Bay Juniorettes, Cloverettes, Newport Challengers, Prairie Fairies, Willow Creek, Fremont Clovers, Tai Jormads, Rough Riders and Mundelein Magic Makers. This brings us over 1/3 of the way toward our goal. This money is being raised through bake sales, horse show proceeds, rummage and paper drives and through donations from club treasuries or individuals.

Many Illinois members and leaders have participated in the National 4-H Center's programs. More than 1,000 4-H members and leaders from 80 Illinois counties have attended the citizenship sessions. Nearly 50 have been to the National 4-H Conference and nearly 100 have had orientation sessions at the Center before going abroad on IFYE and Teen Caravan programs. Lake County 4-Hers: John White, Bill Regner and Ken Scheske recently returned from taking a week's Citizenship Course at the National Center. They are available to give talks and show slides of their interesting experiences in and about the nation's Capital.

Yeoman John E. Black

Black Receives Service Medal

San Diego, Calif., June 29 — The Navy husband of a former Antioch woman was awarded the Joint Service Commendation Medal here.

He is Yeoman First Class John E. Black, husband of the former Susan L. Strang of 1090 South Main, Antioch.

Black was presented the decoration in recognition of his work with the Joint Military Assistance Advisory Group in Korea from January 1969 to February 1970.

The medal was received by Black on board the attack aircraft carrier USS Kitty Hawk. Black is leading Petty Officer in the administrative department of the San Diego-based staff of the Commander, Carrier Division Nine.

In the same ceremony Kitty Hawk was awarded the Navy Unit Commendation for Western Pacific operations, and 12 other members of the Carrier Division Nine Staff were presented

awards. The citation accompanying Yeoman Black's medal lauds him for his work as Administrative Assistant in the assistance advisory group's office of the chief of staff.

In that job he was largely responsible for coordinating production of the many reports and policy papers required for meetings involving high United States and Republic of Korea military leaders. "Yeoman Black's devotion to duty, tact, initiative, professional pride, and exceptional competence... reflect great credit upon himself," the citation continues.

Carrier Division Nine is commanded by Rear Admiral William R. McClendon. The staff returned to North Island Naval Air Station, San Diego April 23 after nearly nine months in the Western Pacific on board the attack carriers USS Hancock and USS Coral Sea.

EDITORIAL

Are We Boxed In?

There is something distressing about free people having to restrict their daily pursuits and activities because of brazen criminals.

Is it right that bus passengers in many metropolitan areas must always have the exact fare because bus drivers cannot carry money to make change without being robbed.

Is it right that motorists in some cities must buy gasoline in amounts for which they have exact money, or use credit cards, to keep station attendants from being held up by thugs?

Is it right that downtown merchants in some areas should lose their customers, and perhaps their businesses, because citizens are afraid to venture into crime-infest streets?

Let us face it.

Are we, as a free society under the rule of law shaping our own destiny, or are we being pushed and boxed in by those who defy the law and have no respect for the rights of others?

The truth of the matter is that more and more of our Nation's total energy and effort is needed to protect people against crime.

For instance, more theft-prevention devices are being installed in new automobiles. More homes are being equipped with bigger and more complex door locks.

Banks are taking action to reduce the amount of cash exposed to bank robbers.

In some cities, police patrol school corridors and grounds to keep troublemakers from disrupting classes and assaulting students.

The list goes on and on.

We are attempting, in effect, to erect a protective barrier between society and the criminal. However, history dating back to Biblical times teaches us that high walls as such do not necessarily provide sanctuary.

If we are to find relief from crime, we have to shore up our legal walls to prevent lawbreakers from slipping back and forth through loopholes to prey on the public and then hide behind legal sanctions to avoid just and adequate punishment.

If we are to contain the spiraling crime rate and bring a higher degree of security back to the law-abiding citizens, then we must make justice swift and certain.

In spite of what some courts and legal theorists may proclaim, justice is all-inclusive; it means justice for the victims and the public as well as for the accused.

Soon, we will have to stop granting concessions to marauding criminals and stop reshaping our lives to conditions thrust upon us by excessive crime.

I am fully convinced that one of the most effective moves we could make to combat crime in the 1970's would be to speed up and improve our judicial processes so that the time element between a criminal violation and its disposition in court is sharply reduced.

The old truism notwithstanding, it would appear that not all criminals and their attorneys today believe that "justice delayed" is "justice denied."

Let us stop reacting aimlessly to the pressing demands of the lawless.

Rather, let us start applying the legal remedies and safeguards of the law which is meant to penalize those who break it, not those who abide by it.

Camping Cuts Vacation Costs

Fun-oriented, penny-wise American families are taking to camping this year as never before.

In these days of tight money and high prices, a growing number of families are planning camping vacations to cut costs with no reduction in fun and relaxation.

They are finding that tents, trailers and campers can be rented for a fraction of the price of motel accommodations for a family of three or more. And cooking meals over a wood fire or portable stove shaves food costs way down—and the meals somehow taste more delicious, too!

The three major ingredients for a successful family camping

vacation are good weather, good equipment and good health. The first is largely a matter of luck, the second the result of careful reading of catalogs, outdoor life and consumer report magazines, and discussions with knowledgeable friends and neighbors.

You can help assure good health with just a few simple precautions. One suggestion is an early visit to the family doctor, to make sure that everyone is up to the challenge of a camping trip. Camping is a bit more strenuous than motel living, so take it easy at first.

Hammer Attends 2-Day Seminar

Fred J. Hammer, FIC, Mt. Prospect, district representative in this area for Aid Association for Lutherans, attended a two- and a half day seminar on health insurance recently, according to George V. Krampien, Senior Vice President and Director of Agencies. The seminar included an extensive training program prior to AAL's entry into the health insurance field.

AAL is a fraternal benefit society, serving Lutherans and their families throughout the United States and Canada.

It's a four way Stop. Approaching are an ambulance, a fire truck and a rural mail carrier. Who has the right of way? The U. S. Mail, that's who!

G.I. Bill Training Program A Success

John B. Naser, manager of the Chicago Veterans Administration Regional Office for the State of Illinois, says that 1,652,537 veterans and 132,695 servicemen have taken training under the present G. I. Bill.

June marks the fourth anniversary of the current G.I. Bill education and training programs, and the VA is examining its tally sheet. The Third Generation G.I. Bill made benefits available since June 1, 1966.

In Illinois, more than 78,000 veterans and 4,144 servicemen have trained under the G.I. Bill. Some 40,518 of these veterans and 696 of these servicemen received college-level training

servicemen pursued below-college-level training.

In addition, a total of 6,302 veterans took on-the-job training in Illinois this spring.

To be eligible for education and training assistance under the current G.I. Bill, a veteran must have at least 181 days of service, with some part after Jan. 31, 1955, Naser said.

For each month of military service, an eligible veteran received one and a half months of educational assistance.

However, Naser pointed out, there is a maximum of 36 months entitlement, except for veterans eligible for VA educational assistance under two or more VA programs. These veterans are entitled to a maximum of 48 months of training.

Naser explained that monthly payments under the present G.I. Bill range from \$175 or more (depending upon the number of dependents) for full-time institu-

Antioch Firemen's Dance Successful

The Antioch Fire Department members enjoyed a most successful dance June 27th. The following persons were the winners of door prizes at the annual affair.

W. C. Frohmeier, Rt. 1, Antioch, lawn mower; E. B. Nelson, radio; E. Warner, 1923 S. 51st Court, Cicero, pool table; John Sebesta, Rt. 4, Antioch, chaise lounge; W. Rooker, Rt. 5, Antioch, TV trays; Jim McMillen, Antioch, tape recorder.

tional training to payment of only the actual cost of approved correspondence courses.

He also reminded Post-Korean and Vietnam era veterans in Illinois that they must complete their training by May 31, 1974, or eight years after separation from service, whichever is later.

Edison Seeks Low-Sulfur Coal Supply

In an effort to find adequate reserves of burnable low sulfur coal, Commonwealth Edison Company has extended its nationwide search to three more western states.

George Rifakes, Edison's manager of fuel procurement, said the utility is exploring low sulfur coal reserves in Colorado, New Mexico and Utah.

"We have purchased 10,000 tons of coal with a sulfur content of about one per cent from a mine near Gallup, New Mexico," Rifakes said. "The coal arrived for testing at our State Line generating station in Hammond last week. The mile-long train—made up of 100 cars—carried the coal a distance of 1,500 miles. Before launching our low sulfur coal procurement program, the farthest Edison had gone for coal was to southern Illinois about 300 miles from Chicago."

Rifakes said the company is also exploring deposits of low sulfur coal from mines in Colorado and Utah but has made no purchases as yet. Edison is already buying about 4½ million tons of low sulfur coal from mines in Kentucky, Montana and Wyoming.

To date, Edison has burned about 130,000 tons of low sulfur coal at its Chicago stations. Another 130,000 tons of the coal have been delivered to the company's Waukegan generating station. In addition, about 240,000 tons of low sulfur coal are in storage at various Edison plants.

Rifakes explained that the use of low sulfur coal presents a number of complex problems.

"There is a critical shortage of mineable low-sulfur coal at present," Rifakes said. "In ef-

fect, Commonwealth Edison Company has created a new coal-mining industry in the west just to meet a part of the low sulfur coal requirement of our power plants. In the near future, we will need about twice the amount of coal that is now being mined in the west. And there is keen competition for the low sulfur coal that is available."

In addition to the problem of procuring coal, Rifakes said, the company has to determine if it can even burn the low sulfur fuel.

"We have to test low sulfur coals continuously to discover if they can be burned in our boilers because heavy slag build-ups made it impossible to burn the coal—we were using. We have even had to chip out ash deposits from the bottom of boilers with jackhammers."

Rifakes said that by 1971 Edison will reduce sulfur emissions from its operation by 50 per cent in the Chicago area and by nearly 40 per cent in northern Illinois. To accomplish this, the company is burning low sulfur coal and oil, buying all the gas that is available, turning to nuclear power and replacing older coal-fired units.

THE ANTIOCH NEWS—3 THURSDAY, JULY 9, 1970

PARK OFF THE HIGHWAY

Drivers who stop on a highway should make sure their car is completely off the road, advises the Chicago Motor Club. An auto parked on the highway or a portion of it may be struck by other vehicles, or may cause an accident by forcing others to cross the center line in order to pass.

son will reduce sulfur emissions from its operation by 50 per cent in the Chicago area and by nearly 40 per cent in northern Illinois. To accomplish this, the company is burning low sulfur coal and oil, buying all the gas that is available, turning to nuclear power and replacing older coal-fired units.

"Serving the Lakes Region Since 1894"

Dee D'Isa enacts a phase of her role in the coming play "The Apple Tree" being put on beginning Friday in the Antioch High School. The play will be repeated Saturday and July 17, 18, 24 and 25. It is a PM&L production.

PM&L To Present 'The Apple Tree'

A large cast of enthusiastic adults and teens have been working long and hard to be ready for this week's opening of the fun and melody filled musical comedy, "The Apple Tree." PM&L's production of "The Apple Tree" directed by Ken Smouse will entertain summer "live" theatre goes on Friday and Saturday July 17 and 18, and 24 and 25 at 8:30 p.m. in the Antioch Community High School. For reservations or further information call Mrs. Henry Apostol, 395-1217.

Starring roles are played by Dee D'Isa, Fred Troy, Marybeth Bentel, Ken Smouse, Fred Holbert, Elita Layman, Jerry Oelrich, Rich Irmen, and Nancy Eberman. Supporting cast and chorus include Kenni Nelson, Pat Ronan, Teri Lisk, Linda Lance, Charles Brown, Steve Smouse, Debbie Chandler, Bryan Sorensen, Chris Ahlstromer, Mary Wiczorek, Elda Minger, and Jean Oelrich. Musicians for the production are Bessie Barnes and Steve Tell.

Missionaries Visit Here

By Del Jahneke

The Robert Anderson's, Petite Lake, recently entertained some guests who kept them and their friends, both enthralled and inspired with their true tales of their past 5 1/2 years in Venezuela. They were Paul and Pat Dye, who have served God as missionaries for over five years in the wild jungles of Venezuela. (Pat Dye is a former classmate of Mrs. Anderson, when they both lived in Elmwood Park).

Paul Dye is the son of one of the five missionary martyrs, who were slain by the savage Auka Indians in 1943. There is now a book published about these five brave, dedicated men called "Five Stars To Live By." Paul was three years old at the time

of his father's death. However, his widowed mother, his sister and he are still serving as missionaries in Venezuela.

The Paul Dyes, both husband and wife, are missionaries for "New Tribes", and have lived these past five years under conditions of the most primitive nature. They, and their two children, Larry, three years old, and Lisa, six years, have managed to adapt themselves to the Indian way of life. Their permanent home is at the mission base, but they are slowly and steadily moving further inland to the more remote and wilder areas of the country.

They have learned how to carve their own canoes out of trees, the same way the Indians do, since nearly all travel has to be by river, as the jungles are nearly impenetrable.

The Dyes have managed to eat such "delicacies" as monkey meat (tastes somewhat like chicken) and fried maggots, as they do not wish to offend their Indian friends. As they travel, for the most part, they must live off "the fat of the land." There are times when the "fat of the land" has proved mighty lean. But their strong faith that God will provide for them has always been right.

While traveling, they usually live in native huts, contrived of wooden upright poles and thatched roof — many times, building their own shelter. Most rivers are swarming with dangerous piranha fish, who can strip the flesh off a man in seconds. Wild animals roam the untamed jungles, and poisonous reptiles and insects abound. Some Indian tribes are still savage. But the Dyes, and other strong-hearted and devout missionaries are slowly making more converts to Christ all the time.

Paul Dye relates that he had always suffered extremely poor eye-sight, and had to wear glasses, until he was eight years old. Then he realized that he desperately wanted to be an airplane pilot, in order to further

Garden Club Of Illinois Will Meet

The second meeting of the Garden Club of Illinois will be held on July 13 at the Glenview Country House, 1560 Waukegan Road, in Glenview, with the Council of Glenview Garden Clubs as hostesses.

The business meeting will begin at 10:30 a.m. followed by luncheon at 12 o'clock noon. After luncheon Mr. Lorenz Aggens will present a program concerning the problems of water and air pollution. Mr. Aggens is a member of the Northwestern Planning Commission. Comments from those who have heard him are very favorable and enthusiastic. You will want to hear him.

For reservations please send your check for \$4.50 to Mrs. F. Allan Dawson, 2311 Winnetka Avenue, Glenview, Illinois 60025. Deadline for reservations is July 9.

Legion Auxiliary

By Del Jahneke

The Antioch American Legion Auxiliary No. 748 will hold its regular meeting on Monday, July 13th, at 8 p.m. at the Antioch American Legion Home.

Mrs. Ray Rathmann, president, will preside.

From all reports, the annual carnival of the Antioch American Legion and the Auxiliary, was most successful.

Mrs. Rathmann expresses her gratitude to all the women who volunteered their services during the six nights the carnival was in operation.

Mrs. Edward Jahneke and Mrs. Rathmann, delegates who represented the Antioch Unit at the Second Division Convention, held in Morris on June 28, will give accounts of this convention.

Hostesses for the meeting are Mrs. Lester Zittkus, Chairman, Mrs. Lillian Hand and Mrs. William Petty.

CHRISTIAN SCIENCE CHURCHES

The practical effects of a life consecrated to God show the true meaning of sacramental vows, according to the Lesson-Sermon on "Sacrament" to be read Sunday, July 12, in all Christian Science churches.

The Golden Text, establishing the theme of readings from the Bible and the Christian Science textbook, is from John: "The bread of God is he which cometh down from heaven, and giveth life unto the world."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, Discoverer and Founder of Christian Science, the following passage refers to the teachings and practice of Christ Jesus:

"First in the list of Christian duties, he taught his followers the healing powers of Truth and Love. He attached no importance to dead ceremonies. It is the living Christ, the practical Truth, which makes Jesus 'the resurrection and the life' to all who follow him in deed."

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Ill., begin at 11 a.m.

Summer Art Show Being Planned

The Antioch Art Guild will hold its regular meeting on Thursday evening, July 9, at the McDowell-Gilday Gallery at Rt. 59 and Grass Lake Rd. Plans will be made for their annual summer art show to be held at the park in conjunction with the Lions Club Chicken Barbecue.

Anyone interested in showing their art works at this exhibit may call the gallery at 395-5774 or if anyone would like to join the club, just drop in and visit on the evening of July 9.

spread the Lord's word. He prayed that God would heal him, and the miracle happened. He has never needed to wear glasses again. In this year's furlough back in the states, he will be taking his ground courses in flying.

There is one badly needed item which would be of tremendous aid to the Dyes. Since there is no electricity available, they could use a gas operated freezer. Meat and nearly all perishables quickly spoil in the hot, humid heat. Food must be cooked and eaten immediately, or else, "smoked" to preserve it. A gas operated freezer would solve many of these problems. Has any reader any suggestions to offer?

The courage and faith of the Dyes, and others like them, are the finest testimonials of spiritual belief that anyone could find. May God continue to Bless their Endeavors!

Miss Polsgrove

Engagement Announced

Mr. and Mrs. R. Wayne Polsgrove of Antioch, have announced the engagement of their daughter, Diane Marie, to Theodore W. Hesemann, son of Mr. and Mrs. Arnold Hesemann of Chicago Heights.

The bride-elect has attended Knox College for two years.

Her fiancé is a 1970 graduate of Knox College, Galesburg, and is currently employed by United Church Directories.

A September wedding is planned.

Where The Boys Are

Navy Petty Officer Third Class John R. Colbert, son of Mr. and Mrs. Melvin E. Colbert of 1012 N. Nathan Hale Drive, Lake Villa, Ill., has returned to San Diego, aboard the amphibious transport dock USS Ogden, following an eight-month deployment in the Western Pacific.

Topics for Today's Women

THURSDAY, JULY 9, 1970 THE ANTIOCH NEWS

Darlene McGinnis Weds C. Lennon

St. Peter's Church in Antioch was the setting June 26 for the wedding of Darlene McGinnis to Charles Lennon.

The bride is the daughter of Mr. and Mrs. Andy McGinnis of Spring Grove and the groom, a son of Mrs. Irene Lennon and the late Mr. Harold Lennon, of Crystal Lake.

Some 200 persons attended the nuptial Mass given by Fr. Kilduff.

The bride chose a white lace formal floor length gown and

carried a bouquet of roses and carnations.

She was attended by Judy Boyd of Antioch as maid of honor and bridesmaids Audrey Viverito, Betty Floer and Mary Watts. They chose floor length aqua gowns and carried daisies and baby buns.

The groom was attended by Jerome Lennon as best man and ushers Bill Watts, Sam Viverito and Dennis Lennon.

A dinner and reception for 200 followed the ceremony at the Vermillion House in Richmond.

Mr. and Mrs. Lennon

Richmond Garden Club Show July 11

Richmond Garden Club will present their biennial flower show at Memorial Hall, Route 12, Richmond, Illinois, Saturday July 11, 2 p.m. to 8 p.m. and Sunday, July 12, 12 noon to 5 p.m. The donation for adults is one dollar, twenty-five cents for the children. Refreshments will be served.

"In Tune With The Holidays" will feature artistic design ar-

rangements, invitational tables, education - conservation exhibits, displays of flowering and non-flowering house plants, horticulture specimens of roses, flowers of perennials, annuals, biennials, corms, bulbs and tubers, and fruits and vegetables.

The public is invited to enter the horticulture classes and while not compulsory, entries may be pre-registered with Mrs. Bert Heuvelman, 815-678-2153. Placement of entries may be made Friday, 7 to 9 p.m. or Friday, before 10 a.m. All exhibits must be grown by the entrant and all vegetables must be clean.

Mrs. Frank Heinemann, of Richmond, is the show chairman.

TOPS News

A very informative and enjoyable evening was spent recently by 15 members of the Tops Cheerful Losers of Antioch.

Program Chairman Nancy Scott secured the speaker for the evening who was Mrs. Phyllis Northway, Kenosha County Extension Agent from Kenosha.

Although the club is based in Antioch it has quite a number of

members from Kenosha County.

Mrs. Northway gave much information on establishing good eating habits and values of food. She also stressed the values of balanced meals while dieting.

A question and answer period followed.

The evening concluded with further discussion over coffee and cookies.

Stan Kenton and his band entertain at the Antioch Country Club. (Photo by Joe Rush.)

Woody Herman and his band will be at the Antioch Country Club on Sunday, July 12 beginning at 8 p.m. The big bands are being brought to the area by John Teresi, one of the operators of the club.

Big Band Music In Antioch

Last Sunday, July 5, Big Time entertainment came to Antioch in the form of the world famous Stan Kenton Band.

This was a first for Antioch and a first for the Antioch Country Club under the direction of John Teresi and Al Weiss.

It was a most enjoyable evening of fine jazz music which the Kenton Band is so famous for.

The Country Club had a full house of about 250 persons. Among the guests from Antioch to take in the great music were Mr. and Mrs. Ray Jensen, Mr. and Mrs. Erickson and Dr. Abderholden and his family.

The next big date is coming soon, in fact this Sunday, July 11, when the Woody Herman Band comes to the Antioch Country Club.

Make plans now and don't miss another great evening of outstanding entertainment.

Employment Survey Set For Area

The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of July 19, Theodore F. Olson, Director of the Bureau's regional office in Chicago announced today.

The households to be interviewed here are part of a scientifically designed sample that is representative of the entire U.S. population. The employment and unemployment statistics are collected monthly by the Bureau for the U.S. Department of Labor to provide a continuing measure of the economic health of the Nation as a whole and of its major regions. Questions on employment similar to those in the sample survey were asked of the entire population in the 1970 decennial census, now being compiled. Bureau officials point out, however, that the monthly survey is essential as the source of current employment data.

Kostris Wins Certificate

A certificate of achievement from the National Association of Boards of Pharmacy school for drug law officers has been presented to Jerry J. Kostris of Lake Marie.

Kostris attended the school held June 20 through July 2 at the University of Illinois Medical Campus in Chicago.

Facts supplied by individuals participating in the survey are kept confidential and the results are used only to compile statistical results. The law safeguarding the privacy of the individual applies to all information collected by the Census Bureau.

Mr. and Mrs. Emil Rupena, of 1472 S. 6th St., West Allis, Wis., have announced the engagement of their daughter, Tina, to Mr. Dennis Johnson, son of Mr. and Mrs. Melvin Johnson of Rt. 4, Channel Lake Shores Subdivision, Antioch.

Tina is employed as a secretary at City Hall in West Allis and Dennis is a graduate of Marquette University as a civil engineer, and is also employed at West Allis City Hall.

Engagement Announced

No date has been set for the wedding.

A salad bar luncheon will be served by the Mylo Club of Millburn Church on July 15 from 11:30 a.m. to 1 p.m. in Lauren Hall of the Church on Rte. 45.

The public is invited to attend the luncheon and proceeds will go to the church building fund.

Salad Luncheon

The public is invited to attend the luncheon and proceeds will go to the church building fund.

Dems Name Screening Committee

Appointment of a Judicial Candidates Committee to seek out and screen prospective Democratic candidates for judicial office was announced today by Herbert L. "Hub" Stern, Democratic County Chairman.

"It will be the function of the committee to find qualified candidates. As a party, we are interested in the legal and judicial ability and integrity of anyone whom we sponsor for judicial office. We are not interested in their political pedigree, nor will there be any requirement that the candidates have labored in the Democratic Party vineyards. In fact, we are prepared to back a Republican if he is properly qualified," Stern said.

Chairing the committee will be Attorney William E. Hartnett of Waukegan, a former state representative and Democratic county chairman. Serving with Mr. Hartnett will be the following:

Eva Schwartzman, attorney, Libertyville; Albert S. Salvi, attorney, Lake Zurich; Hercules Paul Zagoras, attorney, Waukegan; and Daniel S. Friedlander, Waukegan, former Waukegan Township Democratic Chairman. An additional non-lawyer would, Stern said, be added to the committee within a few days.

Lake County is a part of the Second Appellate District and Lake County voters will be called upon in November to vote for a new Illinois Supreme Court justice from the district which comprises Lake, JoDaviess, Stephenson, Winnebago, Boone, Carroll, McHenry, Kane, DeKalb, Ogle, Lee, DuPage, and Kendall Counties. Judicial delegates from all counties in the district will meet during the week of July 6-14 to select a nominee.

There may also be, Stern pointed out, a vacancy on the Appellate Court, depending upon what action the Republican district convention takes. If such a vacancy occurs, there will be a Democratic district convention to select an Appellate Court nominee during the week of July 20-28.

It will be a function of the committee which he has just appointed, Stern said, also to find candidates for two Circuit Court judges. Lake County, together with McHenry County, comprises the 10th Judicial Circuit, and a convention of the two counties to come up with Circuit Court nominees will be held between August 3 and 11.

A two-county convention to fill any Associate Circuit Court vacancies will be held during the week of August 17-25, and candidates for this office must also be found, Stern said.

MOTOR TRIP SUGGESTIONS FOR

1. Don't be goaded or irked into taking chances behind the wheel. Temper is a great accident maker.
2. Obey traffic laws. Three-fourths of all fatal accidents involve a traffic violation. Control your speed and flaunt your courtesy.
3. Don't drive if you've been drinking. Take that trip, but remember—things are hectic on the highway. Use extra care to get you there.

Bell Trucks Are Well Traveled

Those trucks and cars with the familiar Bell Telephone seal are quite the travelers—they made the equivalent of 2,418 trips around the earth last year.

The 6,643 vehicles that make up Illinois Bell Telephone's motor fleet traveled 60,200,000 miles in 1969, drank up more than 5½ million gallons of gas and cost nearly \$12 million to operate. Those are just a few of the imposing figures chalked up by the largest privately owned motor fleet in the state in helping to install and maintain Illinois Bell's 5,900,000 telephones.

"How we provide the vital service of communications and how we treat our customers is the very heart of our business," says R. P. Reuss, Illinois Bell's vice president-operations.

"One of our essential tools to provide this service is our fleet of motor vehicles."

"It takes trucks of all shapes and sizes, and more than 1,500 passenger cars, to carry the men and equipment over all kinds of roads and in all kinds of weather to do our job."

To maintain the most efficient and flexible use of the motor fleet, it is assigned in three groups for service in Chicago, the suburbs and downstate.

The 6,643 vehicles are housed in 111 garages and maintenance centers around the state.

The vehicles are classified as installation-repair (totaling 4,017 vans), construction (961 trucks), passenger (1,568 cars) and miscellaneous (97).

Among the miscellaneous vehicles are a mobile telephone center and tractor-trailers which carry portable television and microwave towers for emergencies and special events.

Since 1967, most of Illinois Bell's new vehicles have been equipped with anti-pollution and exhaust emission devices. Now, only three years later, more than half—some 3,500 vehicles—of the fleet emits "clean" exhaust.

Buying and selling cars and trucks is a big business at Illinois Bell. Eighty-two per cent of the fleet is less than five years old, while only 3½ per cent is more than eight years old.

All vehicles are bought by competitive bidding. A car or truck is kept only as long as its condition allows it to do the job it's supposed to, then it's traded in or auctioned.

Late last year, Illinois Bell's motor fleet began taking on a new look: All new vehicles come decorated in the new Bell System colors—white, blue and yellow—and bear the new Bell seal.

The telephone motor fleet contributed generously to the tax collector in 1969. Last year, Illinois Bell paid more than a half-million dollars for state and local license and inspection fees and almost \$710,000 in gasoline tax.

Despite the huge amount of miles traveled by the fleet, its accident record remains remarkably low. Illinois Bell reported only one accident for every 52,681 miles driven last year—and this includes even minor bumps and scratches.

The phone company attributes its good safety record to the Smith defensive driving course given most company drivers, regular "tailgate" discussion on safe driving methods held by foremen, and excellent condition of the vehicles.

All of Illinois Bell's vehicle are equipped with seat belts, and passengers are required to use them.

Regular company drivers also receive first aid training, which has helped many telephone employees to render help to victims of highway and home accidents.

James E. Pike Sets Lecture For Sunday

Doubt is dissolved in a life of faith illumined by spiritual understanding, says James E. Pike, C. S., of Chicago.

Mr. Pike, a member of the Christian Science Board of Lectureship, will speak Sunday, July 12, at 4 p.m. in the Grade School, 500 N. Cedar Lake Road, Round Lake. His lecture, titled "Life Without Doubt," is free and open to the community.

Mr. Pike was an educational administrator before entering the public healing ministry of Christian Science in 1956. He earned an A.B. degree from DePaul University and did graduate work in Paris. Mr. Pike was a Christian Science wartime worker while in active military service.

It's easy to place a classified—just dial 395-4111.

Red Cross To Aid GI Morale

All our GI's aren't going to be out of the South Vietnam jungles by Christmas Eve, 1970, so Red Cross is bringing a bit of Christmas to them for the fifth straight year.

Mrs. Paul M. Plunkett, Wilmette, volunteer chairman of Red Cross "Operation Shop Early" has her crew of volunteers already sewing the red and green ditty bags that will carry gifts to GI's in Vietnam from Chicago metropolitan area residents.

"This is our fifth year for 'Shop Early,'" Mrs. Plunkett said, "and we're confident the persons in Chicago area will remember the GI's again."

Red Cross is giving out red and green ditty bags, complete with holiday greeting cards to everyone who calls or writes the 43 East Ohio Street offices at 467-5800.

Persons then fill the ditty bags with 12 to 15 small items the GI's need and want. Red Cross handles the packing and shipping of the ditty bags. Ship-off date for "Shop Early" gifts will be in late September, Mrs. Plunkett warns.

Red Cross volunteers will deliver or mail bundles of ditty bags to individuals, church groups, employee associations, service clubs, or scout troops to fill, and pick up the filled gift bags.

Gifts suggested include toothbrushes, toothbrush case, ball point pen, small writing pad with self-seal envelopes, dark terry cloth wash cloths, nail clippers, paperback book, 3-inch reel of recording tape, plastic bags, windproof lighter, lighter flints, playing cards, cigarette case, chewing gum, small puzzle or game, plastic soap case, pre-moistened disposable towels, small musical instrument, vacuum-sealed nuts, candies, or foods, pen-size flashlight with batteries, plastic snapshot holder, "Wipe & Shine" shoeshine kit, small cotton swabs.

The goal of Red Cross chapters all across the United States is a ditty bag for every United States serviceman and woman in South Vietnam for the holidays. The goal has been met for the past four years.

Mrs. Plunkett's volunteers will supply "Operation Shop Early" to those who call American Red Cross offices in Evanston, Waukegan, Aurora, Wheaton, Joliet, Harvey, Oak Park, or 467-5800 in Chicago.

Mr. and Mrs. Leonard S. Case, of Rte. 3, Antioch, accept a free case of champagne from Dave Bushing, right, manager of Foremost Liquor Store at 484 Orchard St., Antioch, in honor of the couple's Golden Wedding Anniversary in June.

John Teresi and Stan Kenton

These gifts seem small, but the GI's want and use them, and the idea that a stranger remembered they were spending a lonely Christmas Eve in Vietnam and sent them ditty bags and personal messages makes the gift large," Mrs. Plunkett assured.

Sorce Wins First Feature

Don Sorce, West Allis, driving his "Ole Reliable No. 99" modified stock car in the Firecracker Forty Feature race at the Kenosha County Speedway, won his first feature race of the year and broke a three in a row win streak held by IRA point leader Whitey Harris of Lake Villa. Sorce started on the pole on the hard slick

track that held down the amount of passing and caused several spins throughout the entire night. Harris, who started fourth and was running fifth as late as the 24th lap, spun and recovered only to spin again winding up 10th in the finish.

Ron Bergsma, Richmond and Tom Anderson, Lake Villa, ran the entire 40 laps seldom less

than inches apart and just as close to Sorce who made the best use of his quick change gear rear axle in adapting his high horsepower to the slick surface. Tom Anderson drove his best race but just couldn't get alongside of Bergsma in the Richmond Motors Plymouth powered modified. His efforts showed at the end of the race in

the W&W Winged modified when inspection showed he had completely worn off a right rear tire that wouldn't have lasted another lap. A record number of cars were on hand as 40 modifieds and 56 sportsman type cars took part in the Holiday racing. Attendance was held to 2880 by the cool night. Jim Boehles, Franksville, scored

fast time and won his heat and was headed for the front in the sportsman feature when he and three other cars crashed off the track with Boehles flipping over. He was unconscious but soon recovered and was alright. Charlie Weddle, Milwaukee, his racing teammate, won the restarted feature in a car built by Boehles.

Swimmers Sink Bradford

Coming from behind to win the final two relays, the Antioch Swim Team nipped Bradford of Kenosha by a score of 169 to 160 at Kenosha on Tuesday, June 30.

The Antioch squad was led by Katee Hollenhorst with 11 points. Barb Dodd, Pat Muro and Eddy Berry recorded 10 points, and all swam on winning relay teams.

There were no events scheduled for the 15-16 age group. The meet result follows:

25 Yd. Freestyle (18.1 sec.) L. Richards (Bradford), K. Stanczak, (Antioch) H. Stanczak, (Antioch).

25 Yd. Backstroke (22.4) L. Richards (B), H. Stanczak (A), K. Stanczak (A).

Boys 8 and Under—25 Yd. Freestyle (19.4), R. Arell (B), D. Nyberg (B), R. Samponinski (A).

25 Yd. Backstroke (25.5), A. Arell (B), D. Nyberg (B), R. Samponinski (A).

Girls 10 and Under—25 Yd. Freestyle (17.4), K. Hollenhorst (A), C. Berry (A), M. Arell (B).

25 Yd. Backstroke (22.0), K. Hollenhorst (A), H. Stanczak (A), M. Arell (B).

25 Yd. Breast Stroke (22.4), M. Kaufmann (B), C. Berry (A), K. Hollenhorst (A).

Boys 10 and Under—25 Yd. Freestyle (16.6), J. Fields (A), R. Tritt (B), J. Norris (B).

25 Yd. Backstroke (22.1), J. Peethro (B), S. Waite (A), D. Houghton (A).

15 Yd. Breast Stroke (23.9), D. Walpole (A), J. Zemzonak (B), J. Fields (A).

Leach Wins 1st Feature In 10 Years

Larry Leach of Elkhorn won his first modified feature in ten years at the Waukegan Speedway Friday night as he led Whitey Harris of Lake Villa in the 50 lap event.

Jim Bozeman of Waukegan set a new 10 lap asphalt track record in winning the fourth heat for the modifieds and then came back to take a fourth in the main event right behind Ron Bergsma of Richmond.

John Garber of Muskego held the feature lead for the first ten laps before Leach slipped inside on the first turn for the lead. The race was stopped in the 20th lap as four cars crashed.

Dave Bliss' roadster type car spun and Tom Anderson hit him and the wall nearly flipping and ending up partially on top of the spun car. Paul Cameron and Denny McKay were also involved in this action.

At the restart, the line-up found Leach in front, followed by Bergsma, Bozeman, Harris, McKay and Cameron. In the final 20 laps Harris raced wheel to wheel with these two passing Bozeman for good in the 46th lap and then taking Bergsma with just two laps to go.

There was some additional excitement as Leach took his victory lap when his car had a small engine fire. The flames were extinguished without too much damage and Leach drove the car to the pits under its own power.

There was a different winner in each event as McKay was the fastest qualifier with a 14.03 lap. Heats went to Bill Klein, Jim Hedges, Al Schill and Bozeman.

Schaefer Is Cited

Branden L. Schaefer, of Rt. 1, Antioch, has been cited for academic excellence at Western Illinois University at Macomb, where he is a senior.

Schuler Whips Browne

The question Sunday at the Waukegan Speedway was who can beat Waukegan's Vern Browne. The answer came in the 22nd lap of the 50 lap main as Lee Schuler of Lockport passed Browne for the lead and the win, thus snapping Browne's Sunday win streak at two.

Fifteen of the original 18 starters were still running strong at the checkered flag in the extra lap main as a strong field of late models ran before the best Sunday crowd of the season. A fireworks display concluded the evening's events.

Paul Craddock of Round Lake led at the green but at the end of the first lap Mundelein's Scott Moore was in front. Moore held top spot for five laps before Browne took the lead right at the start-finish line.

Saturday's 50 lap winner, Carl Major of Chicago, moved into second spot at that point and set out after Browne. The first of two yellow lights came in the 8th lap as Craddock's engine blew with a large quantity of oil being dumped on the track.

In the 17th lap Schuler worked by Major and started to steadily close the gap on Browne. Coming out of the second turn in the 22nd lap Schuler raced in front and came home the winner. Schuler finished third in Saturday's main.

In the 25th lap Major's engine blew and the race ran four laps under the yellow to remove his car. Gurnee's Bob May took second at that point and finished there in front of Bob Anzinger of Antioch, Bob Roper of Chicago, Jim Cossman of Waukegan and Ray Young of Dolton. All seven of these drivers finished on the same lap with the leader.

Schuler also won the trophy dash and the third heat for a big chunk of the purse. In time trials Ray Young lowered his own one lap mark with 14.25 clocking. Elmer Musgrave of Mundelein turned in a 14.34 lap for second best, but missed the main with engine trouble. Herb Artelt of Wildwood won the semi-feature.

The final was the Yankees 7 runs on 10 hits with 1 error, and the Tigers 2 runs on 3 hits with 2 errors.

The winning pitcher was Warner and the losing pitcher was Tom Gutowski.

The Tigers played the Pirates in the only game on June 30. The Tigers belted them as the Pirates had no chance. In the top of the 6th the Tigers scored 11 runs. The final was the Tigers 15 runs on 8 hits with 2 errors and the Pirates 5 runs on 8 hits with 4 errors.

Francke was the winning pitcher and Greco was the losing pitcher.

On July 2 the Sox played the Cardinals. The Sox came out on top with a score of 10 to 6. The final was the Sox 10 runs on 8 hits with 1 error and the Cardinals 6 runs, 6 hits with 4 errors.

Shoedlo was the winning pitcher and Isaacson was the losing pitcher.

In the second game on July 2 the Cardinals met the Yankees. The Cards put up a real battle, but still were defeated with a score of 4 to 2. M. Brophy came through for the Cards by hitting a 2 run homer in the 2nd inning.

The final was the Yanks 4 runs on 6 hits with 1 error, and the Cards 2 runs on 4 hits with no errors.

Zitkus was the winning pitcher and Reckers was the loser.

Antioch Little League

On June 29 the Sox played the Cubs. The Cubs came out on top with a score of 8 to 7. The Sox couldn't score enough runs in the sixth inning to stay alive.

Mitch Witt came through for the Cubs with a two run homer in the 5th inning. The final was the Cubs 8 runs on 7 hits with 1 error, and the Sox 7 runs on 4 hits with 2 errors.

Mitch Witt was the winning pitcher and Sheedlo was the losing pitcher.

In the second game on June 29 the Tigers met the Yankees. The Yankees came out on top as they took the lead from the start.

The final was the Yankees 7 runs on 10 hits with 1 error, and the Tigers 2 runs on 3 hits with 2 errors.

The winning pitcher was Warner and the losing pitcher was Tom Gutowski.

Major 50-Lap Winner

Carl Major of Chicago came off a streak of bad luck Saturday night at the Waukegan Speedway to win the 50 lap main event for the late model super stock cars in a close finish over Ray Young of Dolton and Lee Schuler of Lockport.

Time trials and all of the preliminary races were run in a light to moderate drizzle, but the rain threat did not dampen the drivers' spirit. A fireworks display concluded the races.

Scott Moore of Mundelein held the feature lead for just one lap before Chicago's Bob Roper pushed his Chevy '11 in the front. Major took second spot from Al Gutche of Bristol in the 5th lap and then closed the gap on Roper in every lap until he slipped into the lead on the 12th lap.

By the 20th lap Lee Schuler had taken second in front of Ray Young, Elmer Musgrave of Mundelein and Roper. Right at the halfway point Musgrave's car bushed with Roy Hansen's Chevrolet from Racine and Musgrave bounced high in the air directly in front of the stands. After a quick pit stop, Musgrave came back to finish 34th.

With just three laps remaining,

Young got by Schuler after the latter had pressured Major for the lead. Schuler took third in front of Roper, Jim Cossman of Waukegan and Bob May of Gurnee.

In the time trial runs, Bob May tied the one lap mark with a 14.31 effort on a damp track. Musgrave, who was second best in the time trials, then won the trophy dash and also took the third and fastest heat beating Lee Schuler and Carl Major to the checkered flag.

The hobby stock feature Saturday was won by Rich Fikes of Lockport.

A new vaccine now makes it possible to eliminate Rh incompatibility disease, which is a major cause of birth defects, according to the March of Dimes.

Waukegan who took the lead from Wendell Stevenson of Gages Lake early in the event.

Hobby stocks and late models will race next Saturday and Sunday on the Waukegan asphalt, however a special race program previously announced for Friday, July 10 has been cancelled.

Legal Notice

CLAIM NOTICE
IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS
PROBATE DIVISION
ESTATE OF HENRIETTA R. SCHMITZ, Deceased.
FILE NO. 70 P-308
NOTICE IS GIVEN of the death of Henrietta R. Schmitz of Antioch, Illinois. Letters of Office were issued on June 22, 1970, to Mildred Egger, 4140 West Potomac, Chicago, Illinois, Executor, whose attorney is LARSON and LUMBER, 388 Lake Street, Antioch, Illinois.

Claims against the estate may be filed in the Probate office of the Clerk of said Court, 18 N. County Street, Waukegan, Illinois 60085, within 7 months from the date of issuance of letters; any claim not so filed is barred as to the estate inventoried within that period. Also copies of claims must be mailed or delivered to the Executor, and to the attorney, STEPHANIE SULTHIN, Clerk of the Circuit Court (June 25, July 2, 9, 1970).

LEGAL HIGHWAY NOTICE
The Commissioner of Highways of the Town of ANTIOCH, County of Lake and State of Illinois, hereby gives notice that upon the 20th day of July A.D. 1970, at the hour of 10:00 o'clock A.M., of said day, at the intersection of Old Lake Ave. and State Route 173 he will hold a public hearing at which he will consider reasons for or against the proposed vacation of a portion of a road described as follows:

All of the Old Lake Avenue Road that is in the northwest quarter (NW 1/4) of Section Fourteen (14), Township Forty-six (46) North, Range Nine (9), East of the Third Principal Meridian, in Lake County, Illinois, with the north boundary line being the north line of the northwest quarter (NW 1/4) of said Section Fourteen (14), and the southerly boundary being the easterly right-of-way line of State Route 173. At which time and place he will determine upon the advisability of such proposed vacation and publicly announce his final decision relative thereto.
Dated this 7th day of July A.D. 1970.

Air Show Set For DuPage

The annual air show of the Antique Airplane Association will be held the weekend of July 11-12 at DuPage County airport on St. Charles road (North avenue) near West Chicago.

This yearly event draws one of the largest fair show crowds in the nation, and is one of those few activities in which whole families find enjoyment.

There are this year a new and exciting series of performers, whose highly skilled aerial acts are reminiscent of the flying circuses and precision aerobatics of the old barnstorming days of the 1920s.

In addition to the airwork of antique and jet aircraft, there will be a hot-air balloon ascent, a beautiful young woman will perform a wing-walk, and one daredevil will transfer from a speeding car to a low-swooping plane.

Two crowd favorites will return this year. The U.S. Air Force Thunderbirds, the world's top acrobatic team, will perform at near sonic-barrier speeds in the nation's latest front-line fighters. And the Army's crack parachute team, the Golden Knights, will free-fall thousands of feet and then perform precision maneuvers with their steerable canopies.

The tiltrot opens each of the two days at 9 a.m. for the inspection of aircraft, static displays and booths. Air show time is 1:30 to 4:30 in the afternoon. There's plenty of free parking, and families can pack a lunch or purchase food and drink on the field.

Babe Ruth Action

The State Bank and Shure-Fire Heating tangled June 29 in a close game, with Shure-Fire winning by a score of 9-7, with Tim Mieuire the winning pitcher and the losing pitcher Tom Robinson. The bottom place Dairy Queen defeated the first place Antioch Drugs, 16-4 June 30, with Glen Amundsen pitching a tight game and lots of support from his fielders. Mike Gutowski, the opposing pitcher couldn't find the plate and ran into walk trouble which gave the Dairy Queen the edge.

The Advertiser came up with a 20-16 win over Shure-Fire Heating July 1. Jim Wirth pitching for the Advertiser did a good job until the 5th inning, when he ran into trouble getting the ball over the plate.

The Dairy Queen dropped a much needed game July 2 to the State Bank, with Klean on the mound for the State Bank doing a fine job, holding the Dairy Queen hitters with 10 strike outs and only giving up five walks. The Dairy Queen could only pick up 5 runs against the State Bank. Newton was the losing pitcher.

Little League Pancake Breakfast Plans Progressing
The Antioch Little League will hold its Annual Pancake Breakfast, Saturday, July 18, at the Antioch United Methodist Church Hall. Pancakes will be served from 7 a.m. to 1:30 p.m. Gordon DeBoer is chairman of the affair this year.

FUNERAL NOTICES

GEORGE E. RUPP, SR.
Mr. George E. Rupp Sr. - 55 years old of 3241 South Halsted Street, Chicago, passed away at 6:15 a.m. on Wednesday July 1st in Christ Community Hospital in Oak Lawn, Ill.

He was born August 19, 1914 in Chicago and resided there until moving to Trevor in 1950, then went back to Chicago in 1969.

He was a member of Holy Name Church at Wilmot, Wis. He had worked for the past 2 years as a security guard at the Spiegel Department Store Warehouse in Chicago, and previously as a guard for the Chicago House of Correction for several years. He had served as a Justice of Peace in Salem, and had been on the Trevor Fire Department. He married Elsie E. Conrad on Feb. 14, 1933 in Chicago, and she preceded him in death on July 8, 1968.

Survivors are: 1 son George W. Rupp Jr. (Milwaukee, Wis.); 1 daughter Mrs. Charlene Breysprank (Kenosha, Wis.); and 3 grandchildren.

Funeral services were held at 2:30 p.m. on Friday July 3rd at the Strang Funeral Home in Antioch. Interment was in Holy Name Cemetery at Wilmot, Wis.

VERNON DUNN
Vernon Dunn, 78 years old of Felter's Subdivision near Antioch, passed away at 1:30 a.m. Thursday, July 3rd at Victory Memorial Hospital in Waukegan.

He was born Oct. 30, 1891 in Rushville Ill., and had resided in Rock Island, Ill. from 1924 until moving to Maywood, Ill. in 1932, and to Antioch in 1946.

He was a retired railway mail clerk by occupation, and had worked from 1917 until 1946 at this work. He was a member of the Postal Employees Association of Retired Civil Employees. He married Fanny L. Aten on Sept. 10, 1913 at Virginia, Ill., and she preceded him in death on Dec. 9, 1961.

Survivors are one son Harold V. Dunn, Antioch; one daughter, Mrs. Dorothy (Robert) Lindblad, Antioch, and three grandchildren.

Funeral services were held at 1:30 p.m. on Monday, July 6, at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated. Interment was in Home Oak Cemetery near Antioch.

ANTON MARTINEC
Anton Martinec, 65 years old of Camp Lake Oaks Subdivision near Trevor, Wis., passed away at 8:20 p.m. Tuesday, July 7, 1970 at Kenosha Memorial Hospital from a heart ailment.

He was born Sept. 12, 1904 in Chicago and moved to Stickney, Ill., where he lived for 11 years before moving to Trevor 2 1/2 years ago, but spent his summers here since 1960. He was a member of Lawndale Masonic Lodge No. 995 A.F. & A.M. (Riverside, Ill.), Past Patron of Bohemia Chapter No. 763 Order of Eastern Star, and Club Dobrovsky (Cicero). He had worked as a maintenance electrician for Sun Chemical Association from 1940 until his retirement in 1967.

He married Marie Burda on Nov. 28, 1930 in Chicago. Survivors are his wife, Marie, one son, Robert A. (Mae) Martinec, Oak Forest, Ill., one daughter, Mrs. Beverly (John) Zabran, Hillside, Ill., three sisters Mrs. Mae Latkovic, Chicago, Mrs. Florence (Ray) Bambas, Camp Lake, Wis., Mrs. Clara Vleck, Chicago; one brother - George (Alice) Newcomb, Berwyn, Ill., and five grandchildren.

Funeral services will be held at 1:30 p.m. Friday at the Berwyn Funeral Home at 2912 S. Harlem Ave. in Berwyn, Ill., where friends may call after 4:00 p.m. Thursday. Friends may call at the Strang Funeral Home in Antioch from 4 p.m. until 10 p.m. Wednesday. Cremation will be held in Oakridge Abbey Crematory. Friends are asked to please omit flowers.

Harris Wins Thriller At Lake Geneva
Whitey Harris, Lake Villa continued his winning ways in IRA modifieds with a win here tonight in the 30 lap feature. Rookie Joe Moulis of McHenry finished second and led more of the race than Harris. Ron Bergamo, Richmond had been far back in the pack but near the end went to the outside and really moved up taking third from Claude Potter by just inches at the end.

Jim Boehles recovered from a bad accident at Wilmot on the previous night and finished the winner in the feature here tonight. He failed to get back on a clean sweep string as he lost the heat race win to Jack Brewer and the qualifying honors to Jack Ashenbrenner.

Test Center Established At Chicago

Chicago State College has been designated as a test center for administering the National Teacher Examinations on Saturday, July 18, 1970. James G. Pappas, Acting Director of Placement, announced today.

College seniors preparing to teach and teachers applying for positions in school systems which encourage or require applicants to submit their scores on the National Teacher Examinations along with their other credentials are eligible to take the tests. Last year more than 107,000 candidates took the examinations, which are prepared and administered by Educational Testing Service of Princeton, New Jersey.

"The designation of Chicago State College as a test center for these examinations will give prospective teachers in this area an opportunity to compare their performance on the examinations with candidates throughout the country who take the tests," Pappas said.

At the one-day session, a candidate may take the Common Examinations, which include tests in Professional Education and General Education, and one of the seventeen Teaching Area Examinations which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Bulletins of Information describing registration procedures and containing Registration Forms may be obtained from the Placement Office, Englewood Manor, Room 1050 or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey 08540. Prospective teachers planning to take the test should obtain their Bulletins of Information promptly. Mr. Pappas advised.

Lindhurst News

By Mrs. Bernice Bernau

FAMILY CELEBRATION
Mr. and Mrs. Joe (Josephine) Panek, 2214 E. Valley Drive, Lindhurst, were pleased to have their whole family and a dear friend with them last Sunday. Their son, Ronald, and his wife Theresa, of Berwyn and their five-month old adopted daughter, Michelle Ann, came out Saturday and stayed until Tuesday. Sunday, Joseph and Mary Panek of Greenwood Park and their sons Timmie and Jo-Jo, Richard and Nettie Galla (the Paneks' daughter), of Grayslake and their four children, David, Ricky, Connie and Michelle, Mrs. Panek's brother Bernard Olszewski, his wife Irene and their son Jerry, from Wildwood, and Joe and Ann Kadlowski of Hoffman Estates spent the day with them. Mr. Panek has been ill and doesn't travel, so they all came out to see him. Jerry was home on leave from the army and will be going to Vietnam when he leaves here.

NEW BABY
Mr. and Mrs. Norbert (Sherry) Kretschmer, 2315 Green Tree Court, Seven Hills, welcomed their second son at Victory Memorial Hospital on July 2. Anthony Todd tipped the scales to 8 pounds 1 ounce at birth.

HOSPITAL PATIENT
Aloysius Konitzer and Mrs. Dorothy Kepling of Lake Villa, are patients at McHenry Hospital.

Mrs. Helen Guzski was a patient at Great Lakes Naval Hospital for 17 days when she had major surgery. She would have been home in 7 days if infection hadn't developed. She came home last Friday. She wishes to express her thanks to everyone who sent cards, gifts and prayed for her.

Frank T. Hattrem, right, a former Antioch resident, is greeted by Eiler Larsen, 80-year-old veteran and member of the "Veterans of World War One Organization," official greeter of Laguna Beach, Calif. Hattrem, who lived on Orchard Street here, publicity chairman for the 5th District of the Veterans of World War I at Los Angeles, is a former member of Antioch American Legion Post #748 and served as commander in 1935-36.

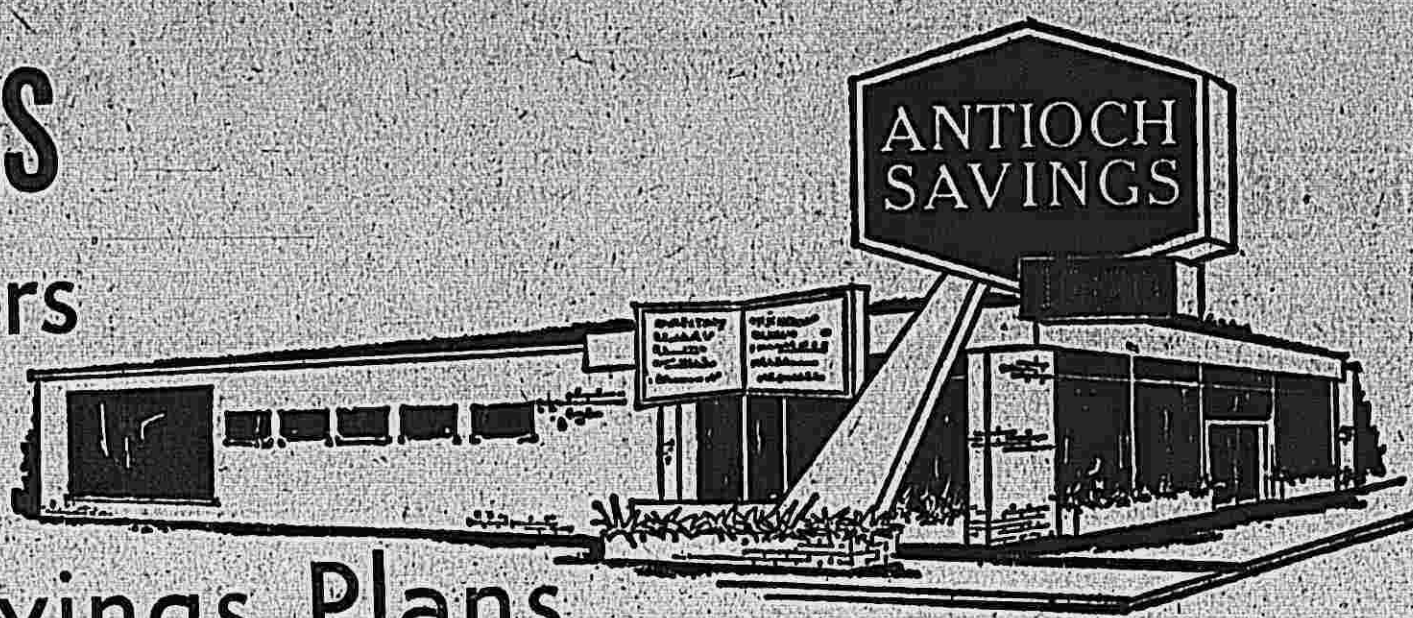

Public Aid Increased In April

Illinois public aid rolls reached 620,512 in April, an increase of 8,688 over the previous month and 62,894 higher than a year ago.

Public Aid Director Harold O. Swank said that decreases in old age assistance and blind assistance were more than offset by increases in disability assistance, aid to dependent children, and general assistance. The net monthly gain of 8,688 reflects a decrease of 2,397 persons in 54 counties and an increase of 11,086 in 48 counties. The number of persons eligible and/or receiving public assistance in downstate counties decreased 170, while Cook County increased by 8,859 persons.

**Come To Our Open House
Through July 14th**

We at **ANTIOCH SAVINGS**
would like all our Savers
to clearly understand
the details of our Savings Plans.

With so many plans available it's easy to become confused. So we thought it's time to explain fully and in as plain a language as possible, the many advantages available to Antioch Savers.

As a starter we prepared the accompanying chart which

outlines **IN DETAIL** our various types of savings accounts - Rates, Maturities, Minimum Requirements, Withdrawal Penalties, etc. are all clearly spelled out.

And remember - in the case of **ALL PLANS** at Antioch Savings

1. *We pay the highest rates permitted by law.*
2. *Our rates are higher than bank rates.*
3. *Withdrawals before maturity of any type of account or certificate are penalized the MINIMUM required by Federal Regulations.*
4. *At Antioch Savings — NO notice of withdrawal is required on ANY savings plan.*
5. *All accounts insured by the Federal Savings and Loan Insurance Corporation up to \$20,000.00 and remember also, our reserves are much higher than required by Federal Regulations.*
6. *Interest compounded daily on ALL accounts.*

SO --

Put together, all we have told you only means one thing.
COME TO ANTIOCH SAVINGS, where as our motto since we first started so aptly says

	5% Passbook Accounts	5¼% Certificates	5¾% Certificates	6% Certificates
Actual Annual Yield	5.15%	5.39%	5.92%	6.18%
Minimum Amount	\$10.00	\$1,000	\$1,000	\$5,000
Maturity	Completely flexible	6 months	1 to 5 years	2 to 5 years
Grace Period	Deposits received by the 10th of the month earn from the 1st; later deposits earn from the 1st of the next month.	Deposits made by the 10th day of a calendar quarter earn from the 1st; other deposits earn from the date of deposit.	Deposits made by the 10th day of a calendar quarter earn from the 1st; other deposits earn from the date of deposit.	Deposits made by the 10th day of a calendar quarter earn from the 1st; other deposits earn from the date of deposit.
Penalty for withdrawal before maturity	Interest is earned on funds in the account at the end of the quarter. (Passbook loans protect your earnings if you need to withdraw substantial funds before the end of an interest period.)	Money withdrawn loses earnings for 90 days (or less if the certificate or the quarter is less than 90 days old).	Money withdrawn loses earnings for 90 days (or less if the certificate or the quarter is less than 90 days old).	Money withdrawn loses earnings for 90 days (or less if the certificate or the quarter is less than 90 days old).
